Bryan Contractor Gets School Job

Expansion Of Local Hospital Now Underway

An improvement and expansion program is now underway at Mims Memorial Hospital in Comanche.

Included in the expansion program will be additional rooms for 10 more hospital beds. The extension of the building is being made to the west sector of the modern brick and tile structure located at 211 S. Austin.

Three additional private rooms, along with a new delivery room and nursery, a special sterilizing equipment and central supply room are being added at the local clinic and hospital.

Jerry Lockard, Hasse contractor, is in charge of the project.

Mims Memorial Hospital was established here last October 1 by Dr. Roy D. Mims, Dr. C. B. Wright, formerly of Atlanta, Georgia, a member of the American College of Osteopathic Surgeons, joined the staff on December 1.

firm before moving to Houston in the 1950s.

"We're happy to welcome Mr. Conner back with us," says the announcement.

The Comanche School Board, in cooperation with the school architect, George Sowden, opened the bids for the new school building Tuesday of this week at 2 p.m. B. W. Construction Company of Bryan was awarded the job with a bid of \$188,160. This bid included the two additional classrooms planned by the board, as well as the P. E. Gymnasium.

Other bids were as follows: K. A. Sparks, Hamilton, \$189,263; R. B. Butler, Inc., Bryan,

\$203,866; White & Everett Construction Co., Abilene (did not place a bid for the two additional classrooms) \$207,715; Bennett & Forbes, Brownwood, \$208,599; Rose Construction Company, Abilene, \$209,400; Shiflett Bros., Abilene, \$211,515; Kinard-Beck Construction Co., Abilene, \$220,000; Albert L. Miller, Inc., Fort Worth, \$22,041.

Six other general contractors made contacts on this job but did not follow through with bids.

With the contract having been let to B. W. Construction Com-

pany, they have agreed to begin preliminary work this coming Monday. B. W. Construction Company's bid included 200 calendar days for completion of the job. However, there are certain regulations that would legally require extension of this time.

Citizens of the school district who are desirous of seeing exactly how the building will appear should check in the display window of The Comanche Chief, where the architectural sketches are on display.

SPRING HAS SPRUNG... but it was only a week ago, on Wednesday, March 14, when this picture was taken showing the 2½ to 3 inch snowfall in Comanche. The five-hour snowfall of last Wednesday measured a much needed .25 inch of moisture. Total precipitation recorded here to date this year is only 1.58 inches. But Spring weather, including balmy temperatures and high winds were back to usher in the first day of Spring—Tuesday, March 20, 8:30 P.M.

Local Bank Receives Congratulations For Spectacular Gain Shown In 1961

The Comanche National Bank recently received a telegram from the "American Banker", a daily banking newspaper published in New York City and a leading publication of the banking field, extending congratulations for the spectacular gain made by the local bank during 1961.

The telegram, in part, received by Jack Moore, president of the Comanche National Bank, is self-explanatory and follows: "Congratulations are in order. We will report your bank making a spectacular gain of 214 places in rank among banks during 1961. This far exceeds progress made by most American Banking Institutions."

Mr. Moore reports that dur-

ing 1961, deposits at the Comanche National reached an all time high of \$3,558,412—and that total resources including capital, surplus, profits, reserves along with the deposits were in excess of \$4,000,000.

SENIORS TO PRESENT PLAY MARCH 29-30

Both nightly performances of this year's Comanche High School Senior Play will be presented March 29 and 30. The three act comedy is entitled "Just Ducky".

The first presentation will be given on Wednesday morning for the fourth and fifth graders and junior high students. Thursday night will be "student night" and Friday night will be "adult night".

The performances will begin at 8:00 o'clock. Tickets are now on sale and can be purchased from any senior student.

The summary of the play shows that Betty Lou Maxwell (Beverly Smith) and Bernadine Smith (Sharon Durham) are a couple of questions and problems rolled into two. It seems that they are always up to something, and, gee whiz there is just no stopping them.

But after all, girls will be girls. This day started off peacefully in the Maxwell house, in fact it was a whale of a day.

Papa Maxwell (John Dudley) had just been chosen as the new head of the citizen's committee.

Why? Because he had one of the finest and most upstanding families in the entire community. But it seems that Betty Lou and Bernadine had been wanting to write Vester Blayne (Ruth Robertson)—who edits the love-column in the local papers—an dthey chose this day.

Of course, they had no problem. Heavens no. But doesn't every girl have the desire to send in a letter anyway? So they proceeded to make one up, filled with pathos and deep heart throbs. It was really a "sunder". Since they wanted to make it sound as desperate as possible, they said that the writer was in love with a man forty-five years of age who had children fourteen, fifteen, and nineteen—and that she was frantic and knew where she could get hold of a shot-gun.

So they mailed their masterpiece, and waited in anticipation for the evening paper. But was

their letter published? Not instead, Miss Blayne called on Mama Maxwell (Sherrilan Loudemilk) and unfolded to her the complete story of Betty Lou's sad plight.

From there things reach one of the most feverish fever pitches ever crowded into one play. When Mr. Moore (Stanley Rauhut)—the chairman of the citizen's committee—and Del Marshall (Frank Hall), a newspaper reporter dropped in for an interview with Papa Maxwell (John Dudley). The girls mistake Marshall for the county marshal, the state marshal, or at least some kind of marshal, so they once again go into a huddle.

They just know that he's there to arrest Betty Lou. So what do they decide? Insanity. Betty Lou will plead insanity; little brother Wilbur (Tom Brightman) also is coaxed into acting balmy, and they even go so far as to prove that the entire family is nuts.

Do things finally end all right? That is going to be left for you to come and find out for yourself.

JAYCEES PLAN TO DEVELOP A YOUTH CENTER HERE

The Comanche Jaycees have been given the control the Veterans' Building at 111 South Austin—and will operate this building as a community project. The building, a two story brick structure, was constructed thru community effort and funds about fifteen years ago.

In assuming control of this building, Comanche's progressive Jaycee organization agreed to:

1. Pay insurance, taxes, and utility bills
2. Maintain the building regarding all repairs to building, plumbing, heating and lighting facilities.

Building Use Cited

The Comanche Jaycees plan to use the building for:

1. A youth center for the young people of the community.
2. Veterans' organizations of Comanche will be furnished a meeting place, free of charge, for their regularly scheduled meetings.
3. The building, and facilities, will be offered (for rent) for meetings, parties, etc.
4. Jaycees to use building for their own regular meeting place.
5. One room upstairs will be furnished to Veterans' organizations for storage of records.

Improvements Planned

Long range improvement planning is in the making—and first work day at the building was last Sunday afternoon by the Jaycees. Another work session is scheduled for Sunday afternoon.

The Jaycees plan to sponsor a number of student dances between now and the closing of schools. Strict by-laws are being

drawn up now, and rules to be used in governing youth socials, with these being printed as soon as possible.

Comanche Jaycees say that they have had numerous offers of donations passed on to them since acquiring control of the building, primarily in connection with the development of the building as a youth center, and that these funds are now being accepted. Persons wanting to contribute to this cause are asked to send their contribution to:

Secretary-Treasurer, Comanche Jaycees, Comanche, Texas—Box 5

A committee of three men, one each from the Veterans' Legion, the Jaycees, and the Lions Club, to see that the building is properly maintained.

Sammy Marshall is the building chairman for Jaycees. Co-chairmen are Carpenter and Jerry Wright.

Local Scouts On Staff At Instructors Meet

Eagle Scouts Tom Brightman and Hank Durham and Explorer Jerry Norris of Comanche, were on the staff of instructors at the Junior Scouts Leaders Training School held in Brownwood last week-end at Howard Payne University.

The were among the 18 Boy Scout instructors serving from the Comanche Trail Council—and report a very successful meeting.

Here For Funeral P. T. Galiga, former head mentor at Comanche High School, was here for the Bernice Swindle funeral services Monday. Mr. Galiga is now superintendent of the Hillsboro school system.

Measles Takes 100 Out Of School Thursday, Mar. 22

Out of the 1,046 students now attending the Comanche Public Schools, an even 100 were absent Thursday, March 22—most of them ill with the measles, and about 10 with chicken pox.

Out of the 100 absentees, 76 were from the J. B. Layne Elementary School, 17 from the Junior High, and 7 from the High School.

The second grades with 23 out, had the most absentees of any classes.

Colorful Texas Highway Dept. State Maps Free To Public

AUSTIN, March 9.—The pioneering Texas Highway Department—originator of a proposal to standardize symbols on state maps for easier understanding by motorists—features some of the new symbols on its 1962 Official Highway Travel Map.

A four-color beauty with "See Texas" as its theme, the new map is now available free to the public.

In 1956, Texas recommended that a standard set of symbols be adopted for use on all state maps to make the maps easier to read for motorists crossing from one state into another. This proposal was eventually adopted by the American Association of State Highway Officials and within the next few years all official state highway maps will be using these accepted standard symbols.

When this standardization is effected, none of the road symbols should be "foreign" to a motorist traveling anywhere in the United States—provided the map he consults utilizes AASHO symbols.

Such uniform symbols will make the nation's travel maps easier to read and understand—whether in New York or New Mexico, South Dakota or South Carolina. A quick look at the standard symbols, and the motorist immediately knows what type of highways are available in a given area, as well as many types of other special travel information required by the modern motorist.

Texas Highway Department officials said they plan to adopt all the AASHO highway symbols when the basic travel map is described. They said the basic map probably will be completely redrawn within the next two years.

Changes are the Lone Star State will be the first of the Highway Department to turn out a travel map incorporating all the AASHO symbols.

Use of the AASHO color symbols indicating the network of Interstate, U. S. and State highways, and Farm to Market roads in Texas keynotes the major changes in the latest edition of the popular travel map.

On the new map, U. S. highways and Farm to Market roads—both formerly indicated in black—are now shown in a red band and a blue band respectively. Shields for U. S. highways remain red, but Farm to Market road shields, which were black, now are "boxes" in blue, too.

Officials of the Texas Highway Department said that markings for the State highways will remain a black band. Also, Interstate highways will retain their two narrow black bands with a red center. This is the standard symbol for showing the Interstate Highway System.

Multilane-divided highway miles now completed and shown on the new map total 2,131 miles. Included are the National System of Interstate and Defense Highways throughout Texas.

This year's map has more than 696 Farm to Market and Ranch to Market road miles added. Approximately 20,848 miles of the state's more than 33,000-mile Farm to Market road system now under maintenance are shown on the map. So are the 26,921 miles of Interstate, U. S. and State highways.

The 1962 map has a map-on-a-map feature on its colorful reverse side. This is a caricature map that plays up "Things to Do . . . Places to Go . . . Things to See . . . in TEXAS!"

A section underneath the caricature map tells about the vacation activities in Texas that are "as varied as the landscape of the Lone Star State itself."

In another section, entitled "Good Highways: A Texas Tradition," the map reader is told about the state's "vast 62,000-mile highway network which offers the maximum in safety, comfort, and convenience for all types of motor travel."

Texas—in all its panoramic grandeur—is illustrated in eleven full-color photographs of scenes the motorist may view from his car window as he travels on the more than 62,000 miles of the Texas Highway System "engineered for safety, comfort, and pleasure."

These pictures were selected to get a geographical cross section of the Lone Star State, and they depict the different types of highways and special traffic facilities offered motorists by the Texas Highway Department.

The 1962 map plots 1,828 cities and towns. It also features twelve insets, which are not city maps but maps showing major routes in the state's dozen largest cities. They are Amarillo, Austin, Beaumont, Corpus Christi, Dallas, El Paso, Fort Worth, Houston, Lubbock, San Antonio, Waco, and Wichita Falls.

Free copies of the new Texas motoring map may be obtained by writing the Texas Highway Department, P. O. Box 8064, Austin. The map also is available at the 25 highway district offices and eight Tourist Bureau throughout the state. County tax offices have map cards for requesting copies of the map.

Distribution of the 1962 Official Highway Travel Map is estimated at 750,000 copies, but demand for this motorist's must might push the estimate near the million mark.

Insects Have Bothered Man Since Beginning Of Recorded History

from TEXAS STATE DEPARTMENT OF HEALTH

Insects have bothered man since the beginning of recorded history. They have stung him, bitten him, destroyed his home and his food and, even worse, carried germs that brought sickness and death. Entomologists report that they can identify some 10,000 "public enemy" insects that do \$4 billion damage annually.

Robert Lewis Buried At White Point

Robert Lewis, 77, of 1611 Hawkins St., Brownwood, died Friday, March 16 at 3 p.m. in a Brownwood hospital.

Funeral services for Mr. Lewis, formerly of Comanche County, were held Monday at 2 p.m. in a Brownwood funeral home chapel, with Rev. Ben Peemaster, pastor of the First Methodist Church of Brownwood, officiating, assisted by Rev. G. G. Funston.

Mr. Lewis, a retired farmer and a Methodist, was born October 4, 1884 in DeKalb County, Alabama, and moved from there with his parents to Comanche County early in life where he lived until moving to Brown County in 1932. Mr. Lewis, a relative of Sam Lewis and the Arthur family of Comanche, is survived by his wife, Mrs. Isla Lewis of the Brownwood address; a son, Troy Lee Lewis of Sordano, California; a brother, Ruben Lewis of San Angelo; and by two sisters, Mrs. D. M. (Edna) Jones of Comanche and Mrs. Dewey Barnes of Abilene; two grandchildren and one great-grandchild.

ADMIRING NEW JAYCEE JACKETS—Pictured, left to right, are Sammy Marshall, Donald Ray Spivey, Dale Nowlin, and Jerry Wright admiring each other's new Jaycee jackets. The jackets are black, trimmed in gold with an outline of Texas on the back with the letters "Comanche" above and "Jaycees" below and a spot marking the town. The front has a gold peanut on the left side with the letters "PC of W" (Peanut Capital of World) on the peanut in black, and the person's name on the right side with a gold pocket below and two gold buttons with loops. The jackets were home-tailored by Mrs. Eldon Ray (Melba) Tupin.

Garden Club Meets Recently

By MINNIE C. KLINGMAN

A recent announcement was made of the plan of the Comanche Garden Club to construct a Garden Center as a club house. This purpose has been a project of the club for many years, but the undertaking seemed too great to bring to an actual beginning. But now, there seems to be a chance of bringing it to a conclusion, due to the generosity of several individuals, organizations and the Comanche School Board.

Mrs. Walter Durham, Sr. electrified the meeting of the Garden Club Thursday by announcing to the club a gift of a suitable location. This is a tract just off Wright Avenue. The location is entirely suitable, and seems to guarantee that at last something tangible is being done. At the same time, Mrs. Robert Eaton reported that the school board was offering one of the buildings that had been used for the G.I. School just east of the J. B. Layne School campus. Also the club treasurer gave a very encouraging report of the funds on hand, which are enough to at least get the building moved and work begun.

Plans were then discussed for getting additional funds by each of the thirty-four members of the Garden Club pledging definite help in the way of cash and work donations.

OFFICIAL REPORT

FROM U. S. TESTING COMPANY ON 1962

CHEVROLET, FORD AND PLYMOUTH.

U. S. Testing Company recently tested the 1962 Chevrolet, Ford and Plymouth in 10 competitive events at the Riverside course in California. Here, for anyone who might buy a car soon, are official results of this "Showdown at Riverside."

Plymouth recently asked the U. S. Testing Company—an independent organization—to conduct a decathlon to measure the 1962 Chevrolet, Ford and Plymouth for all-around performance.

U. S. Testing Company bought the three test cars—Chevrolet Impala V-8, Ford Galaxie "500" V-8 and Plymouth Fury V-8, comparably equipped. They hired the professional drivers. They supplied all the officials. They made the rules. And they also enforced the rules.

You see the Official Results shown here in the box. Plymouth won eight events. Ford won one. And Chevrolet won one. Drive a 1962 Plymouth yourself. It's the Greatest Plymouth Ever Built.

A tragedy of tragedies was an-
nounced on Monday of last week
from Binghamton, N. Y., where
six babies were dead and others
severely sick from what doctors
thought may have been a mis-
take in the making of their
formula. If they are correct the
one or ones responsible will suf-
fer death themselves. A horrible
thing to live with for the rest
of one's life.

In a dusty, musty courtroom
in old Fort Sumner, N.M., last
week a district judge ruled that
the bones of Billy the Kid must
remain where the outlaw was
buried there in 1881. Supposed
relatives had asked that the
Kid's remains be returned to Lin-
coln County where he was born.
When Sheriff Pat Garrett killed
this 21-year-old bad boy with
one slug from his on-barreled
Colt the Kid was said to have
had 21 notches on his gun, a
dead man for each year of his
age. The judge ruled wisely.
Billy's remains are not import-

According to a recent report
personal income in this country
rose during February to a new
annual rate of near \$433 billion.

If these dollars carried the pur-
chasing power of the pre-Roose-
velt-Truman dollars they would
buy more than twice the amount
of goods they will buy under
present inflation and 46 cent
dollars. This huge income per
person is real but melts fast when
present fantastic prices are en-
countered. The mad race to
match sheep dollars and high
prices will get faster.

Young wives, bereft of children
by some mischance of nature, will
sympathize with the 19-year-old
wife who was charged last week
with kidnapping a 3-year-old
Texas Panhandle girl. "I never
had any kids and I wanted her,"
the kidnaper is quoted as saying,
when she was arrested. There is
no accounting for what might
happen when the mother urge
and adoration of children is
frustrated. If this girl sticks to
her story a jury will not treat
her harshly.

Comanche, Texas

Brief History Of Comanche County

In the issue of May 10, 1925, G. A. Beeman, founder of The Comanche Chief in 1873, tells something of the part Comanche County played in the Civil War. Although only 16 years of age at the outbreak of that conflict, Mr. Beeman took part in it as a Confederate soldier.

"When Lincoln was elected president of The United States in 1860, that was the last straw that caused a split in the Union and forced most of the Southern States to withdraw and form 'The Confederate States of America.'"

"Texas was just an infant state at the time the war broke out, having been admitted into the Union just 15 years before in 1845. Comanche County had been organized only 4 years before in 1856 and the City of Comanche was only a year old. The County seat was having been moved from Cora to Comanche on June 15, 1859."

"Although Comanche was the county seat at that time, Cora still was the largest town, and perhaps that was the reason Cora was selected as the place to hold a county mass meeting to elect delegates to a state convention at Austin to decide whether or not Texas should secede and join the Confederacy."

"The Convention at Austin voted almost unanimously to join the Confederacy, although Governor Sam Houston was opposed to it and was forced to resign."

"Just how many men from Comanche County joined the Confederate army is not on record, but there must have been close to a majority of the able bodied men, for as late as 1890 there were more than 600 Confederate veterans living in Comanche County, although many of them perhaps moved into the county from other places after the Civil War."

"In 1886 Rev. J. T. Harris of Dublin suggested that a joint organization be formed by the Confederate veterans of Erath and Comanche counties. This was done and Rev. Harris was elected president and G. A. Beeman of Comanche was elected vice president and T. O. Moore, also of Comanche was elected secretary."

"The first reunion of the veterans of the two counties was held in Dublin in 1887 and it was a huge success, but it was nothing to be compared with the second reunion that was held at Fleming Park in Comanche in 1888."

"Public opinion pronounced this meeting was the best managed, and the most successful reunion ever held in this section of Texas."

"The crowd attending the 3-day reunion was estimated at from ten to twelve thousand daily

with barbecue enough each day to feed all present. The barbecue was managed by our good comrade M. V. (Uncle) Mart Fleming, who never does things by halves. His generosity and wise management made it the most systematic and satisfactory entertainment of the kind ever held in the state."

"Right at the beginning there were 30 guards appointed to preserve order. Frank Wilson was then sheriff and we had him to appoint each of these guards as a deputy sheriff. We had had the circulars printed and posted up all over the reunion grounds stating that 30 deputy sheriffs would be constantly on the grounds with the instruction that if there was any misbehavior, that the culprits would be placed in jail and kept there until the reunion was over."

"During the three day gathering, there had not been a difficulty of any kind, nor any profane or indecent language, nor even any real boisterous conduct on the grounds."

"There was a stranger present from Western New York and he asked for the privilege of making a little talk. He stated that he was generally up North, Texas was considered a lawless and reckless state, but he wished to state that kind of a meeting could not have been held up North without a dozen or two of fist fights and much other misbehavior. He said that he had observed the conduct of the old soldiers on the grounds and around town, and that he could not refrain from drawing a comparison between them and the veterans of the North, who had been spoiled by the pension system."

"He said that the Northern soldiers considered themselves 'Wards of the nation.' 'You,' he said, 'manifest a manly and independent spirit while they think the whole earth belongs to them and are made if they do not get it.'"

"This spirit," he continued, "is descending upon their offsprings and instead of carving out a destiny for themselves, they depend upon the government to provide for them."

"At the close of the reunion a resolution was passed making the Ex-Federal soldiers in the two counties honorary members of the association. This was perhaps the first movement towards fraternalism between two divisions of the Civil War veterans made in the South. It was quoted in a number of Northern newspapers and doubtless started the spirit of reconciliation."

"An original poem was read by that 'Sweet Singer of the South,' Mollie E. Moore Davis, which was greatly appreciated. Mrs. Davis was a sister of our comrade T. O. Moore."

"At that time we had 1,200

1,200 veteran members, about 600 in each county. Comrades tell me that today (1925) we have about 25 left in this county. "After this meeting, annual meetings were held at Stephenville, De Leon and two at Dublin. This perhaps ended the joint association of the two counties, after which each county had its own organization."

"The John Pellam Camp was organized at Comanche about 1892 and regular monthly meetings were held in addition to the annual reunion. A fire destroyed the minute book, and the first meeting record after that was held on March 19, 1897 and the last meeting as recorded in the minutebook was held February 27, 1917."

"In 1903, the Comanche Chapter of the Daughters of the Confederacy raised money to erect a monument to the memory of the Comanche County Confederate veterans. It was at first planned to erect the monument on the courthouse square, but after some difference of opinions, it was decided to place it in Oakwood Cemetery where it stands majestically today about the center of the yard some five and a half feet high, surrounded by a beautiful low fence in honor of the 'Soldiers in Gray' who fought as bravely as men ever fought, but whose death was not in vain. For our united country now stands stronger than ever, the greatest nation on the globe, and the envy of the whole world."

"A long list of the names of these sainted veterans appear in the old Confederate roll book, but we will list only a few of the names of the better known families that still have relatives living in the county:

"J. T. Tunnell, W. H. Davis, J. A. Holman, T. O. Moore, J. R. West, G. A. Bruton, J. E. Gray, Sam F. Todd, J. M. Hughes, W. R. Bratton, J. T. Greene, M. V. Fleming, A. N. Loftis, J. M. McCrary, I. B. Need Help In Planning Your Spring Wardrobe

By MRS. CAROLYN A. OWENS, County Home Demonstration Agent.

Need help in planning or buying your spring wardrobe? Then two bulletins prepared by clothing specialist of the Texas Extension Service may provide just the assistance you are seeking.

The information bulletins are, "For Clues to Clothing Care—Read Your Fiber Label," and "Sewing Today's Fabrics". Besides the information included in the bulletins, special sewing instructions should be followed when using stretch and laminated fabrics. Mrs. Owens stresses. These bulletins can be found at the Extension Office. Fiber identification is an important clue to the use and care of modern fabrics. Each textile fiber product, such as clothing, carries a label which gives the generic names and percentages by weight of the fibers in the product.

The natural fibers—cotton, linen, silk and wool—are familiar to everyone. Some of the man-made fibers have unfamiliar generic names. The generic names are useful to the homemaker and the dry cleaner in caring for the clothing. They are clues to proper washing, drying and pressing temperatures and to spot removal.

G. W. Wetzel, R. M. Wagon, W. Winningham, R. W. Smith, J. C. Simmons, W. S. Meadows, H. D. Keeter, B. A. Love, W. S. Hickey, John Carnes, P. L. Coker, "Louis Brock, I. N. Greer, G. H. Maulden, R. C. Loudermilk, J. L. Jay, L. Ausborn, J. J. Cox, Lee Pope and John Robinson.

al and storage. Reliable manufacturers base performance claim and care recommendations on yarn construction fabric weave or knit, textile finish, and finally on garment design and trim, in addition to the fiber content. So look for performance and care information on the labels of fabrics by the yard as well as ready-wear when you look for the generic name of the fiber. Besides the assistance in fabric selection, the bulletins also provide help in pattern selection, cutting, marking, pressing and sewing. Call 356-2424 and these bulletins will be sent to you.

Bob Haggard, Gusline FFA'er, Shows Reserve Champion At Sulphur Springs

In September, 1961, Bob Haggard, Gusline Future Farmer, entered the Sears Foundation Herd Improvement Contest. He wrote an essay on his supervised farming program, future plans, and complied with other requirements. Through this effort, he received one of the 22 registered Hereford bulls awarded to FFA and NFA (Negro) boys in the State by the Foundation. This animal, Royal Domino XXXI, bred by Irby and Son of Beeville, was selected and picked up at Crockett in early October by the young student assisted by his Vocational Agriculture instructor.

Another Gustine FFA member to bring home top honors was Terry Sparkman, a cash award in the division was Terry Sparkman, Mr. and Mrs. Herman Sparkman. His outstanding Duroc was classified in the top 10—receiving a blue ribbon. Leo Haggard and V. Agriculture Instructor Kirby accompanied the show.

CHEVROLET CARS FOR EVERY FAMILY, EVERY BUDGET, EVERY TASTE

Chevrolet Want to pull out all the stops—except the one marked price? The Jet-smooth Chevrolet serves up all the room, refinement and riding comfort you could reasonably want. Spacious, gracious interiors. Body by Fisher craftsmanship. Jet-smooth ride. New V8 vinegar or 6 savings. Here's where you feel expensive—at a Chevrolet price. On the car ferry: an Impala Sport Sedan.

Chevy II Hungering for a car that's lovely, lively, easy to park and pay for? Here it is—the Chevy II that ran off with Car Life magazine's award for Engineering Excellence and earned these kudos from the editors: "Maximum transportation at minimum cost" ... "sound and solid" ... "delightful car to drive." That's the Nova 400 4-Door Station Wagon parallel to the shore.

Corvair If you spark to the sporty things in life, this one ought to fire you up but good. With that engine-transmission weight astern, the steering responds like a bicycle's. The rear-engine traction keeps Corvair clamped to the road with a vengeance. The cornering's darned near flat. And, for all its sportiness, Corvair's as practical as a pie pan. That model at the ramp is the Monza Club Coupe.

HUMAN LIFE—GIFT OF GOD OR PAWN OF MAN?

Americans believe:

That human life is a precious thing granted by God; that a child who is not strong should be given every opportunity to live a full life; that people in their advanced ages should be able to enjoy the fruits of their labors, or be cared for by their families even though they have outlived their usefulness to industrial society.

Communists believe:

That there should be applied to man the rules of animal husbandry—that man's treatment should be toward the improvement of the breed, much like animals; that the aged should be eliminated as surplus; that the concept held by people of free nations—that life belongs to God and cannot be eliminated—is false and, therefore, must be disregarded.

ETERNAL VIGILANCE IS THE PRICE OF LIBERTY
To renew and awaken interest in our precious heritage of Freedom, and its superiority over the Communist philosophy, these messages are being published by the Texas Power & Light Company, an investor-owned, tax-paying electric utility.

count gave Comanche Leon 687, Gustine 219, and 139 for a total of 1,045.

The first time in history Independent School District has more than half plastics in the entire total of 1,107—while the total of De Leon, and Sidney amounts to 1,107.

Recent scholastic census that Comanche had a gain of 21, while a gain of 16, while had a slight loss of 13.

Month of April has two deadlines. The deadline for new license motor vehicles is April 15. It is also the date on which you must display a 1962 inspection sticker on your vehicle.

April 15 is the final date for people to file their U. S. tax report. That is also the date for filing the estate tax return for 1962 income tax year.

Campbell, Jr., District Director of Internal Revenue at Comanche, says that many people forget that many people forget to put on their tax report are interest credited to their account at the end of the year, and also received by the taxpayer during the year.

It is easy to forget, perhaps, the interest received on savings accounts, some of which are compounded semi-annually and sent to your credit at the bank.

This does not apply to U. S. bonds which you do not have to pay an income tax on until they are cashed, unless you elect to do so.

There is a volunteer, non-profit organization located in Short Hills, New Jersey, called "New Eyes For The Needy," that can assist just by cleaning your bureau drawers and drawers.

"New Eyes" has been working for years to improve the vision of the needy, the world over. The organization has helped a million people, and has solicited a penny. That penny goes into your spring cleaning fund.

"New Eyes For The Needy" has your discarded eyeglasses, broken bits of silver, gold, or even costume jewelry, and send them along to "New Eyes For The Needy, Short Hills, New Jersey."

Some towns the local optician assists in obtaining glasses for the needy blind. "New Eyes" Slider in Comanche does this.

Broken plastic frame glasses which you send New Eyes will be assorted and sent to medical

missions all over the world to improve the vision of the people who do not have access to new glasses.

A recent shipment of sunglasses went to a leper colony in Japan. As a result, these people whose light-sensitive eyes had confined them to the shadows, were enabled to walk in the sunlight again.

Metal framed glasses and your from the sale of this will go to buy new prescription glasses which are then distributed to needy persons all over the country through hospitals and welfare agencies.

Do turn your spring cleaning into a community service and urge your friends to do the same. Pack up your discarded glasses and jewelry and mail them to The New Eyes For The Needy, Inc., Short Hills 3, New Jersey.

Perhaps some little girl will be able to read clearly, or some old man will be able to tell the weeds from the flowers in his garden, because of the new glasses that you provided.

Indians Among Leaders At Tarleton Relays

The Comanche Indian track team finished in seventh place, in a field of twenty teams, in the Class B Division of the Tarleton Relays held Saturday afternoon and night at Stephenville.

Rising Star won the Class B division with 34 points, followed by Baird with 28½, Masonic Home 26½, Dublin 19, Coleman 17½, Anson 15½, Comanche 15, Stamford 10, Granbury 5½, Cross Plains 2, and Decatur 2. Eight teams in the division failed to score points.

The Indians picked up one first place, two seconds, and one third, to gather up their 15 points, four points behind defending 8-AA champion Dublin. The Lions annexed three first places in the meet.

The Indians' Harold Perkins, who had a 9.9—the fastest in his career, in the preliminaries, came back with a 10 flat in the 100 yards dash final to nip his old rival, Riley Dunn of Coleman.

In the 220 yard dash, Perkins got off to a good start and led for the first 200 yards before Dunn came through to edge the Comanche speedster to the tape. Dunn had the good time of 21.9 with Perkins coming up with a 21.95.

Rodney Strain, big Comanche sprinter, turned in the best performance of his career, making the finals in the 100 yard dash. His time in the preliminaries was 10.5.

The Comanche sprint relay finished in third place, from a field of 16 teams, finishing behind Rising Star and Baird. The Indians had the good time of 45.6. The team was composed of Perkins, Ken Rachels, Tommy Salmon, and Strain.

Billy Evans turned in a good race in the mile, finishing second in a field of 40 racers, just behind District Champion Hudson of Dublin. Evans ran a spirited race and held the lead until the final 100 yards when Hudson's final kick propelled him out in front. Bob Carpenter, Indian miler, finished in fifth place in the event.

The Indian mile relay team of Salmon, Rachels, Evans, and Timmons, running in the second heat, came through to win this heat. All four places in the event were in the first heat, and the

J. W. "Bill" Moore Out Of Representative Race

J. W. (Bill) Moore, of Ballinger, announced candidate for the newly created 64th Representative District, has withdrawn from the race.

Ben Barnes, of De Leon, present member of the Legislature, is now the only candidate in the race. The new district is composed of Comanche, Brown, Coleman, and Runnels counties.

The letter received by The Comanche Chief from Mr. Moore explains his reasons for withdrawal from the campaign:

March 19th, 1962.

Comanche Chief,
Comanche, Texas.

Gentlemen:

Having just authorized the withdrawal of my name as a candidate for the office of State Representative of the 64th Representative District: I want the people of the District to know that it is with sincere regrets that this decision is made necessary due to health reasons and additional responsibilities in connection with my personal business, and my farming and ranching operations. I now know that it will be impossible for me to devote the required time to the duties of the office that the people of the district are entitled to. Therefore, I am withdrawing at this time, thus relieving Mr. Ben Barnes of De Leon, Texas, of a strenuous campaign. I want to recommend Mr. Barnes to the people of the District. I have had the pleasure of serving with him during last sessions of the Legislature, and am convinced that he will represent the district with dignity and honor.

To all the people of the old 77th District, made up of Coke, Coleman, Concho and Runnels Counties, I want to express my sincere appreciation for the honor and the privilege of serving you in this capacity and to state that I do not believe any official could have a finer group of constituents to serve, nor a more loyal group of people to help me render the type of service you deserve, so that we may have economical operation of our government in this district and will devote my time to the affairs of this district until my present term expires.

To the good people of the Counties of Brown, and Comanche, which now a part of the newly created 64th Representative District, composed of Brown, Coleman, Comanche and Runnels, I want to state that I very much regret the situation that caused me to withdraw from the race, for it is sincerely believed that I would most certainly enjoy being your Representative, and do what I could to help you in keeping our government on a sound economic basis.

Yours sincerely,
J. W. (Bill) Moore.

Comanche Soldier Writes Difference In East and West

Pvt. Kenneth Gossett, son of Mr. and Mrs. W. A. Gossett, 405 W. Grand, Comanche, who is now stationed in Augsburg, Germany, had been on temporary duty in Berlin for the past two months. He recently had his picture, with an account of an interview of his thoughts on the Berlin situation, in the camp newspaper.

Pvt. Gossett, a 1957 graduate of Comanche High School, was a member of the San Angelo public school faculty at the time he entered the armed forces last fall. He is now an office clerk in the Army.

The interview which appeared in the OUTPOST OPINIONS column follows:

PVT. KENNETH GOSSETT
... writes from Germany

"It was amazing to see how underdeveloped East Berlin was in contrast to West Berlin. I noticed how few people were on the streets.

"I saw an old couple in the East sector waving to friends and relatives in the West sector. They were crying.

"It is really something to realize that they are so close together, yet so far apart.

"It has made me realize that
